VOLUME OVI.—NO 169.

ALEXANDRIA, VA., WEDNESDAY EVENING, JULY 19, 1905.

PRICE 2 CENTS.

A rich man died the other day. He died in the very midst of life, and he left his family \$1,000,000. The doctor's certificate showed that death resulted from typhoid fever. The doctor himself said to a friend: "That man was a suicide. He had a splendid constitution. I could have pulled him through if his stomach had been sound. But he ruined his stomach by hasty meals, snatched in intervals of business and by neglect of symptoms which have been warning him a year past, that his stomach was failing in its duties."

The symptoms of a disordered stomach are, among others, variable appetite, sour risings, heartburn, undue fullness after eating, dizziness, dingy complexion, discolored eyes, fluctuations in physical strength, nervousness, sleeplessness, depression. No person will have all these symptoms at once.

The restoration of the stomach to sound health, begins with the first dose of Dr. Pierce's Golden Medical Discovery. The cure progresses until the functions of the stomach are in healthy operation. Then the nerves are quiet and strong, the appetite healthful, the sleep restful, the eye bright, the complexion clear.

"Please accept my thanks for the benefit which my child received from your medicine," writes Mrs. W. A. Morgan, of Illinois. "He had been troubled for nearly a year with liver complaint, indigestion and constipation. I gave him your 'Golden Medical Discovery' and 'Pleasant Pellets,' and they did him great good. I gave him the 'Discovery' about eight months, and several vials of the 'Pellets.' He seems to be perfectly well now."

If you want a cure accept no substitute for "Golden Medical Discovery."

These ORIGINAL Little Liver Pills, first put up by Dr. R. V. Pierce over 40 years ago, have been much imitated but never equalled. They're made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They speedily relieve and cure foul, torpid and disordered Stomachs, Livers and Bowels and their attendant distressful ailments. One or two a laxative, three or four a cathartic.

## NATURE SPARES

The Stricken Rose From Grief. What a fortunate provision of nature it is, that deprives the mind of mental suffering, for how poignant would be its grief to discover, in the height of its blooming glory, that a cancer fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 1c in stamps for sample to The Herpicide Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

## STRONG Again

Is what Mrs. Lucy Stovall of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it. Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weak, and become diseased.

Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the whole some food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

## Fell Two Thousand Feet.

Two thousand persons gathered yesterday morning at the Santa Clara College grounds, in California, to witness the flight of John J. Montgomery's aeroplane, the Santa Clara. The machine collapsed at the height of 2,000 feet, and the aeronaut, Daniel Maloney, was hurled to the ground. The wings of the flying machine were splintered into match wood. Maloney was picked up with a fractured skull and lived only an hour. The weather conditions were perfect. The balloon was released without mishap and every circumstance was auspicious. While thousands gazed upon the diminishing outline of the balloon Maloney could be seen calmly seated upon the little saddle of the aeroplane, ready to cut loose when the highest point in the ascent had been reached. When the fabric was but a speck in the sky the balloon and aeroplane slowly parted company. The aeroplane, like a butterfly, settled gently in the air, buoyed only by its own wings. To the left the aeroplane slowly circled, cutting pretty figures in the air.

Suddenly the device refused to obey the guiding hand of the aeronaut, and, making an abrupt circle, plunged quickly to the left and nearly overturned. Maloney could be seen struggling with the guide wires, but in an instant it was apparent his efforts were futile; the machine trembled for a moment like a bird with a broken wing, and then fell swiftly earthward. One of the rear wings collapsed as the aeroplane gained impetus. Its mate snapped from its support and fluttered limp in the air. The front wings still remained outspread and checked slightly the swiftness of the descent.

At the first sign of disaster the crowd broke into a wild scramble for the spot where it was apparent the doomed aeroplane must fall. The balloon had drifted slightly to the east when Maloney cut loose, and it was apparent that the broken aeroplane and its helpless rider would land in a vacant lot adjacent to Eberhardt's tannery. Scarcely 100 yards away the League of the Cross Cadets, for whose benefit the ascension was given, were encamped. Several cadets rushed to the spot. They found Maloney lying limp and apparently lifeless among the broken remnants of the aeroplane. From the wreck the dying man was carried unconscious, but still breathing heavily. He did not regain consciousness, dying within a short time. His neck was broken and his skull crushed by a portion of the framework. The bones of one leg were also broken and he was injured internally. It is considered marvelous he breathed at all after striking the ground, as he fell not less than 2,000 feet.

J. J. Montgomery, the inventor, directed the ascent yesterday morning and witnessed the accident which came as a crushing blow to his hopes. Maloney was an expert aeronaut and had made many balloon ascensions in San Francisco.

## Turned State's Evidence.

Lucy Mayo, a colored woman, arrested with the colored men in connection with the criminal assault and murder of Mrs. S. J. Smith last Saturday night, near Gadsden, Ala., yesterday turned State's evidence before the coroner's jury. Her evidence implicates Jack Hunter, who is still at large, and Vance Garner and Will Jackson, who are now confined in the Birmingham jail. She says Garner described the whole crime to her on the morning it happened. She claims Garner told her that he and Will Johnson were on the mountain and heard the woman's screams; that they ran to her and found Jack Hunter dragging her across the road by the hair. The two men then helped to drag her off the road, and each assisted in the crime. The men had decoyed the woman from her home by sending Bunk Richardson, a negro also under arrest, to the house, telling her that her two boys were drunk in town. She went for them, and it was on her return toward home that the deed was committed.

## Excursion Train in Accident.

An excursion train of nine coaches and a baggage car, bound from Roanoke to Richmond and Norfolk, was wrecked yesterday afternoon near Prospect, 40 miles east of Lynchburg. The train was running 30 miles an hour, when the tender, baggage car and four coaches left the track. But, strange to say, the only injuries to the 300 or 400 passengers, so far as reported, one woman had a rib broken and two men were slightly injured. The section gang, it is said, had "jacked the track up" for repairs, not knowing the excursion was coming, and when the train passed over it the cars left the track. The women passengers were greatly frightened and a number fainted.

## Let Common Sense Decide

Do you honestly believe, that coffee sold loose (in bulk), exposed to dust, germs and insects, passing through many hands (some of them not over-clean), "blended," you don't know how or by whom, is fit for your use? Of course you don't. But

## Boys Imprisoned in Sewer.

Imprisoned 24 hours in a 20-inch sewer main and crawling in that time 300 yards through its noisome course was the terrible experience yesterday of Raymond Kenney and William Toomey, of Naugatuck, 6 and 5 years old, respectively, of Derby, Conn. With several companions the boys were playing ball in Cherry street, when the ball bounded into a manhole. Kenney and Toomey lowered themselves into the man-hole, and not finding the hall, began to explore the sewer pipe. They became confused in the darkness and lost their way. Their companions were too frightened to give an alarm for nearly two hours, and then an exciting search which attracted hundreds of persons was begun. The boys were found unconscious and were rescued through another man-hole. They are suffering from sewer-gas poisoning, but probably will recover.

## A Grim Tragedy

is daily enacted, in thousands of homes, as Death claims, in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oakland, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Cold which cured her, and to day she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1.00 by E. S. Leadbeater & Sons, druggist. Try them today.

## The Only Way to Cure.
